

The figure displays two box plots side-by-side, representing the distribution of 'number' for two categories: 'none' (red) and 'small' (blue). The y-axis is labeled 'number' and ranges from 0 to 100. The 'none' box plot (left) has a median around 25, with a box from approximately 15 to 35 and whiskers extending from 0 to 45. It shows numerous outliers, with values reaching up to 100. The 'small' box plot (right) has a median around 35, with a box from approximately 25 to 45 and whiskers extending from 15 to 55. It shows fewer outliers, with values reaching up to 60.
